

Touch Design Collection: Sixth Sense.

Let instinct be your guide and choose the graphic “vector” styling for a formal, yet fashionable foundation in offices or reception areas.

Product Information

Detailed patterned colour placement produces the linear “co-ordinate” designs, drawing your eye down the longitudes and across the latitudes of vectors to where fashion and function intersect.

Made from Stainproof SDX for superior wear and colour clarity, this tufted broadloom carpet is the conservative alternative in the luxurious “Touch Design” collection.

***Non-stocking Colours**
As these colours are non-stocking, minimum production quantities apply. Please contact your nearest Belgotex representative for more information.
